### About Peterson Health

Peterson Health is more than just a hospital. We are an independent, nonprofit healthcare organization offering extensive health care through a robust network of providers, state-of-the-art facilities, and a growing regional footprint.

What started as a single hospital in 1949 has expanded to 18 rooftops spanning nine counties, each united with a

singular purpose to elevate the health of our community.

Peterson Regional Medical Center, our flagship hospital, is a 124-bed, nonprofit hospital located in Kerrville. This hub of our health network began a legacy of exceptional, compassionate, patient-centered care – forming the foundation of Peterson’s vision to offer world-class care – today, tomorrow, and always.

The main Peterson Health campus offers 26 key service lines, including the Emergency Department, Acute Rehabilitation Unit, The Baby Place (Texas Ten Step designated maternity unit), Women’s Services, Intensive Care Unit, Heart and Vascular Clinic, seven surgical suites, and an award-winning joint replacement program, “Back to Life.”

The neighboring Pevehouse Ambulatory Care Center offers outpatient surgical services, radiology, imaging, labs, outpatient rehabilitation, and an advanced Wound Healing Center featuring two hyperbaric oxygen chambers.

Peterson’s roster of facilities includes Peterson Hospice and Home Care, Peterson Medical Associates, Peterson Women’s Associates, Peterson Health Medical Plaza, Peterson Community Care, and Peterson Urgent Care.

Our footprint continues to expand in neighboring counties to include primary care clinics in Bandera, Comfort, and Fredericksburg, as well as an outpatient rehabilitation clinic in Comfort. We have no intention of stopping there, and will continue to discover new opportunities to provide world-class care to the Texas Hill Country.
